

Integrate with any Data Source

Pull in Public & Private Video Feeds

Enable Video Sources with Artificial Intelligence

Integrate ALPR, Bodycam, Drone & Aircraft Feeds

Utilize & Unify all Existing Equipment

# How It Works

- ✓ Enables Law Enforcement to Unify Their Data and Operations Into a Single Platform.
- ✓ Facilitates the Correlation of Disparate Data Sources and Automates the Discovery of Trends.
- ✓ Augments Human Intelligence for Better Decision Making.

## WHAT DOES THIS MEAN FOR YOU?

- ❑ Build Community Trust and Relationships
- ❑ Provides a Platform That Becomes a Force Multiplier
- ❑ Provides the Ability to Properly Allocate Resources
- ❑ Increased Ability to Respond to and Solve Crime

## A PLATFORM THAT MAKES YOU MORE EFFECTIVE AND EFFICIENT

# Fusus Will Unify Your Agencies Public Safety Assets
